Adamthwaite, Godfrey	Singleton Council 2021 Local Government Election	Councillor		0	24/11/2020		Previously the Deputy Mayor and currently a Councillor my determination and commitment will remain on serving the total community, maintaining what we have achieved and bring to fruition my Vision by continually revisiting our Advocacy Agenda. Advocacy is the process of influencing others to create positive change. This could bring more funding, infrastructure, initiatives or a change in government policy. My Vision and Goals will be to try and deliver outcomes for our community to make Singleton a better place to live, work and visit. I want Singleton to be, Sustainable, Resilient, Connected, Progressive and Vibrant. I will endeavor to promote more community engagement to address the following areas; Safer well maintained roads network. 24 hour attended Police Station. Diversification of industry and smooth transition to renewable energy sources while maintaining reliable and efficient supply. Commitment to maintaining and improving health services in Singleton. Alleviate were and if possible environmental issues associated with power stations and mines in regard air quality and pollutants. Looking after our water and attempting to drought proof our region. Look at post mining land use to get the best possible outcome and many more. In short my vision is to have an equal opportunity sustainable Singleton that provides Health, Wealth and Happiness to all that live and travel here where businesses thrive, adapt to new technology, diversify, and creates its own opportunity giving quality of life to all.

Aiken, Robert Douglas	Georges River Council Hurstville Ward 2021 Local Government Election	Councillor		0	14/10/2021		I am standing for the Communist League so that the working class and all those exploited and oppressed by capital have a candidate in these local elections who speaks in their interests. Liberal, Labor, and other politicians have no solution to the economic and social crisis. They act in the interests of the capitalist rulers, using the pandemic to deepen their assault on our living conditions and rights. I am a factory worker in the food industry. I put forward a course along which working people can organise to build a movement that can fight to take power out of the hands of the ruling rich. The Cuban revolution showed that it is possible for workers and farmers to transform themselves in struggle and uproot capitalist exploitation.

Bourke, William John	North Sydney Council St Leonards Ward 2021 Local Government Election	Councillor	Sustainable Australia Party – Stop Overdevelopment / Corruption	1	19/07/2021		Sustainable Australia Party is an independent community movement from the political centre, with a positive plan for an economically, environmentally and socially sustainable Australia. Sustainable Australia Party supports a science and evidence-based approach to policy. Most importantly, we are community-driven. Sustainable Australia Party is campaigning to: - Protect our environment and green spaces - Stop overdevelopment - Stop corruption And much more. Apart from a broad sustainability agenda, Sustainable Australia Party advocates for more trustworthy and transparent governance through greater community consultation, including via community-initiated citizen juries and local polls on key issues. Sustainable Australia Party is particularly concerned by systemic corruption in the planning system – a system designed by the major parties that allows property developers to ignore and override local communities. The NSW planning system is leading to dramatic increases in high-rise, densification and housing sprawl across North Sydney, NSW and Australia. Unlike major parties and local council independents, Sustainable Australia Party can avoid major party influences that override local community needs and also use its broader network to run for State and Federal Parliaments, where we fight for our local communities. Community members can find further Sustainable Australia Party candidate and campaign details at: www.sustainableaustralia.org.au/northsydnycouncil

Crane, Theodore Harold John	Orange City Council 2021 Local Government Election	Councillor		1	18/05/2021		We will be a hard-working, pragmatic and consultative members of Council. We are young people with school-age children and feel we will bring a different perspective to what is currently represented on Council. Of particular importance to us is water security and planning for the next drought, town planning and sustainable development, transparency on rates, improving accessibility and winter access to Mount Canobolas. We will work for the community and with other members of Council to deal with the challenges that we don't yet know about that will confront Orange in years to come.

Driver, Stuart William	Bathurst Regional Council 2021 Local Government Election	Councillor		0	14/07/2021		My focus is on genuine, independent representation for Bathurst and its surrounding communities. Bathurst needs better representation for the entire community with improved, accountable leadership that listens. I will bring to Council a broad range of relevant skills and experience in board level policy development, including emergency management. I will advocate for improved policy development that caters to community needs. Bathurst needs better policies that balance and encourage development while ensuring that our architectural heritage is preserved, at minimal cost to rate payers, and utilized. I will give attention to key issues impacting our community including: - Better water security and water management. - Better roads, pedestrian safety, and traffic management - Better and more transparent Council procedures - Better and stronger focus on Bathurst's future and youth issues. Drawing on my experience of working and living in rural townships and continuing my work for the Bathurst community, I offer to represent all residents as a Councillor, who is committed to working towards a Better Bathurst.

Isaac, Andrew Assaad	Hornsby Shire Council 2021 Local Government Mayoral Election	Mayoral		0	9/08/2021		make Hornsby Shire, the north gateway to Sydney- creating business and job opportunities. To turn the council a role model for a successful council with full transparency, run efficiently for the benefit of the people of the Shire and with full accountability to all ratepayers to make this Shire the best local council to attract business and create opportunities for the people of Hornsby shire. We can be the best in everything council does. I have the plans for better street lighting using solar power to cut current cost paid to Ausgrid of approximately \$1M/year, to reducing waste in everything council does, so we can reduce rates paid by the ratepayers instead of ever increasing rates relying on rate pegging while still getting the same or even less services. Working together with councillors, management and the people of the shire we can make this shire the best it can be in the 3 Rs: Better Rubbish collection/Recycling, more reasonable Rates, much better Roads and much better street lighting. But also, a friendlier council cutting red tapes. I am an ex councillor and I know too well what can be done if there is a will there is a way. My record on council speaks for itself between 2006 to 2008. I was the one that brought in how each councillor vote on an issue be recorded despite initial opposition from councillors in 2007 and many other motions that can be checked on the council website for those years. I love this shire where I grew up and raised my family and I want to make it the best shire for all of us. I have the know-how and the real-life experiences because of my engineering experience, my management and communications skills and my vision for this shire to be the best in everything, the best place to raise a family and retire. Councillors and the mayor are elected by the citizens of the shire to make it better for all and not to protect the interests of the local MPs but to protect the interests of the rate payers and the people of the shire. A brief outline of the policies I, Andrew ISAAC, intend to implement as an elected Mayor by the resident of Hornsby Shire, working for the people of the Shire: Go solar on all street lighting in phases over 8 years or less to remove the monopoly of Ausgrid which is costing the Shire about \$1M annually based on my estimate

Jackson, Michael John	Camden Council South Ward 2021 Local Government Election	Councillor		0	27/07/2021		I'm a self-funded, independent candidate wanting to bring common sense local solutions to local problems, raise the transparency of our Council and increase the demographic of representation of young working families within our Councillor's. I don't want to see the some parts of Camden fall by the weigh side in favour of exponential growth in others. Let's create practical, sustainable plans for the future of all of Camden and be solution focused. I believe in old fashion pure representation and making sure Councillors always act in the best interest and wishes of the people they represent. I think this is best achieved through the election of independent Counsellors that are willing to work with people across the political divide to achieve outcomes. Many issues dealt with at Council level are not traditional party-political issues, they're not traditional left-right issues, they cross all spheres of politics. The independency of non-affiliated Councillor's provides the freedom to think for themselves and the people they represent, without receiving or owing favours to any special interest groups, or others who try and buy favours from politicians. If you're looking for an independent, solution focused and community minded candidate, then look no further.

Murray, Warren Ivan	Goulburn Mulwaree Council 2021 Local Government Election	Councillor	Australian Labor Party (NSW Branch)	1	1/10/2021		I am a BIG picture person, Goulburn LGA is growing, agri-business is growing, so are the challenges associated with Climate Change, its surrounding villages are growing, its needs are growing. We can't sit on the fence anymore, we need true leadership at the Council level, or we'll just end up being swept along like a kayak in a raging river, we need to be in control of our future and destiny. This region means a lot to me, my heart and soul is here, it can't be anywhere else for deep and personal reasons. I am passionate about the quality of life for people of this region to have access to housing, health care and a clean environment. I support local businesses and local jobs. I support our TAFE. Goulburn has great potential, lets manage it on behalf of all people throughout the entire LGA, vote Labor.

O'Brien, Stephen Mark	Newcastle City Council Ward 1 2021 Local Government Election	Councillor	Socialist Alliance	1	15/07/2021		
							As Lord Mayor I would put the interests of Newcastle's residents first and before those of the big developers. Long-time Newcastle residents are being priced out of our neighbourhoods and communities by the huge increases in rents and housing prices. Rates keep rising as well. More affordable housing can be created using rent control, designating 30% of new major residential project units as affordable rentals, levying the owners of vacant residential properties to fund low-cost housing and converting unused commercial spaces and vacant sites, such as the Stockton Centre, into temporary and long term accommodation. 400 million tonnes of CO2 emissions are generated each year by the coal exported through the port. Council needs to plan for the eventual phase-out of the coal loaders and the transition more actively from fossil fuels to renewables. We also need honesty regarding the danger presented by the Kooragang Ammonium Nitrate Plant. In addition, we need action on beach erosion, rising sea levels and flooding. We can make Newcastle healthier with better public transport and implementing the cycleways plan. There should be no privatisation of Council services and free access to Council pools. Council needs to take housing and climate change seriously and not waste money on the \$30 million subsidy to Supercars and overspending \$10 million on the new Council offices. Put People before Profit.

Peterson, Steven Geoffrey	Orange City Council 2021 Local Government Election	Councillor	National Party of Australia - NSW	1	18/05/2021		We will be a hard-working, pragmatic and consultative members of Council. We are young people with school-age children and feel we will bring a different perspective to what is currently represented on Council. Of particular importance to us is water security and planning for the next drought, town planning and sustainable development, transparency on rates, improving accessibility and winter access to Mount Canobolas. We will work for the community and with other members of Council to deal with the challenges that we don't yet know about that will confront Orange in years to come.

Strods, Catherine	Bathurst Regional Council 2021 Local Government Election	Councillor		0	30/07/2021		Invigorate the region, with fresh ideas from all age, gender, culture and socio-economic groups; Assist small businesses affected by COVID in creative initiatives aside from government handouts that are out of the councils' control; Keeping the youth safe and off the street, in particular young mothers whom have endured hardship during COVID; Incentives purchasing from our local farmers and producers by 'keeping it local' campaigns and community based initiatives; More professional job opportunities and incentives to keep our motivated and skilled CSU university students to stay in Bathurst and after graduation; Attract professionals to Bathurst during the current exodus of Sydney city, in particular in the health services; Furnish the local hospitals with the same equipment that Sydney hospitals utilise for more accurate and expedited diagnosis, treatment, and recovery; Initiatives to tackle the growing mental health concerns of the regional community, starting with awareness and removing the stigma associated with help seeking behaviours. This challenge is multifaceted and difficult to tackle in the regional and rural space, and even more so with males outside of city centres. If leaders are open to share their experiences and be open to the community, I believe that a positive change occur, where people feel safe and comfortable to seek help and utilise the wonderful services on offer by Lifeline, Black Dog, and our own community-based resources; and Ensure Bathurst hospitals are staffed and equipped for common surgeries that currently require patients to travel to Sydney, or postpone their treatments, which leads to a reduction in thier quality of life.

Preserve the innate sense of community, uniting residents via unique, innovative, and mutually beneficial projects that act in the electorate's best interests. Representing the best interests of local businesses - Prioritising boosting the local economy by establishing projects and campaigns that increase visibility and engagement of local businesses with the broader community. Integrate heightened awareness around a need for sustainability and environmental awareness. This would involve establishing an engaging and innovating strategy around incentivising and engaging the local community with sustainable practices. Improve community connectivity by facilitating the communication between community members and council, representing the interests of the residents and ratepayers. Providing a platform to bridge the gap between the local Indigenous populace and the broader community - Working collaboratively to integrate a heightened awareness of Indigenous influence in local culture.

Zaman, Mohammed Haseen Uz	Camden Council North Ward 2021 Local Government Election	Councillor		1	26/08/2021		I am standing in the North Ward for 'YOU' my local neighbors who can have direct access to me at anytime including weekends. I want to make our life's better and fun place to live in North Ward. I have seen daily congestion during school pick and drop off time, we need to have better parking and drop & pick system. I want to have a better sports and community facilities for the young people like tennis court, swimming pool. I also want a new dedicated park for dogs and animals. We need to improve the pathways for regular walkers and joggings, to make it more user-friendly. I want to attract and bring inward investments for new businesses and innovations for the school leavers and young people to create local jobs. I will work with the exciting and new business community to grow our Camden area. I would like to increase funding for the Age Care homes and attract more facilities and more council activities for our love ones. There is a need for ethnic community clubs and welfare facilities including multi faith base area. We are growing and making Camden our homes with lots of different ethnic backgrounds so we should be represented equally in the council decision making table.
